Technical Delegate's Report

After the race in Singapore, car number 27 was randomly chosen among the top ten cars for more extensive physical inspections.

Subject to these physical inspections was the clutch assembly.

In particular the following items in relation to Articles C8, C5.13.7, C9.2.4 and the FIA-F1-DOC-001 were checked:

Identification of sensor and their connections to the FIA standard ECU.
Data logging of signals.
Homologation status of sensors.
Pairing of PU torque sensor components.
FIA-F1-DOC-001 submissions.

All inspected components were found to be in compliance with the 2026 Formula One Technical Regulations.

Jo Bauer

The FIA Formula 1 Technical Delegate
