## Technical Delegate's Report

After the race in Silverstone, car numbers 63 and 06 were randomly chosen among the top ten cars for more extensive physical inspections.

Subject to these physical inspections was the low pressure fuel system including their sensors. Further the compliance of the low pressure fuel system was checked.

All inspected components were found to be in conformance with the 2026 Formula One Technical Regulations.

**Jo Bauer**

**The FIA Formula 1 Technical Delegate**
