Technical Delegate's Report

During FP2 the Audi Revolut F1 Team undertook some work on car number 05 in the battery pack area. By doing so, the team had put a soft cover just behind the front axle blocking the view onto the mechanics work.

Furthermore the team carried a floor, completely covered, through the pit-lane out of the garage and back into the garage.

As all these actions are not in compliance with Article B3.3 of the 2026 Formula One Regulations, I am referring this matter to the stewards for their consideration.
